Trish,
Thanks for the email.
Unless I'm missing something, I don't see the summary.
Mike

Hi Mike,
Take a look at this draft response re: NE PA Listening Session followup. Let me know what you think, if you have a chance. Thx.

Thanks Trish,

I thought that we did do a summary of that listening session but I guess not.

I would also recommend running your reply by Mike D'Andrea.

Hi Rich,

Take a look at this draft response to a resident re: NE PA Nov 2011 Listening Session and let me know if you're ok with it.

Thx.

Hello Ex. 6 - Personal Privacy

At the November 2011 Listening Session, the majority of concerns voiced were related to groundwater conditions and requests that EPA test the groundwater for contamination. EPA Region 3 has since become involved as requested. EPA began its involvement by reviewing existing groundwater results and then initiated its own sampling event in January 2012. The groundwater sampling is ongoing, however information, to date, is being posted on-line. The website url

is: <http://www.epa.gov/aboutepa/states/pa.html>. We will continue to post information on this website as work progresses. Thank you for your interest in the Dimock Residential Groundwater Site.

Sincerely,

Rich, can we make reference to the NE PA Listening Session in the Site Background portion of the website narrative? Just an idea. Thx.

to: Trish Taylor

Ms Taylor,

I participated in a listening session for Pennsylvania residents of the

Susquehanna River Basin which you facilitated at the Philadelphia EPA office on October 8, 2011. Thank you again for the effort you put into it.

When the meeting was breaking up, you stated that a summary would be posted to the EPA website. I've neither found any mention of the meeting on your web site nor received any followup to the meeting.

If something has been posted, could you please send me the link? If an

email was sent to participants, could you please send me a copy? If neither of these has taken place, could you please provide me with a statement outlining what EPA learned at the meeting and what changes, if any, were made to policies or practices, or any other actions taken as a result?

Thank you.
